Overview

With each software release, we work to improve the Contractor Performance Assessment Reporting System (CPARS) and Integrity Information System user experience and improve the quality of information available from CPARS and Integrity Records. We do this through a combination of minor enhancements and fixing known issues. This document summarizes the customer-facing changes made to the CPARS Website and the CPARS application in version 6.9.2 on April 30, 2024.
